Ongoing optimization of risk management procedures

Key elements of risk management:

- **Clearly structured Tender Controlling for all projects in excess of division-specific thresholds**
- **Very selective approach to new orders through Contract Review Committees**
- **Increased quality of order backlog**
- **Entire lifecycle of construction projects covered by risk management process**

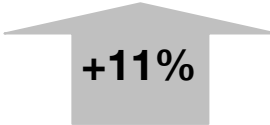

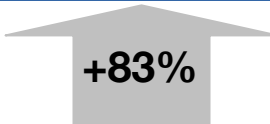

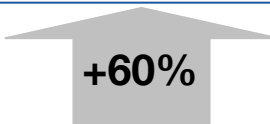

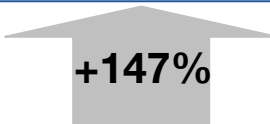

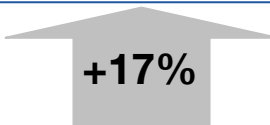

Reduce risk, improve profitability

Looking forward

An holistic approach to our clients will bring...

- Profitability improvement in **German and European construction business**
- A strong boost to growth from **German and international PPP** projects
- Attractive profitability from **real estate development**
- Margin growth from an expanding **Facility Management** business
- Enhanced value creation from the **HTAC partnership**
- Group **financial target:** RONA > 10%

Half year sales figures (as percentage of total)

Group figures

Essentials

- **Sales: increase despite negative f/x effect of EUR 103m**
- **EBT: positive effect of HTAC transaction adds to underlying strong improvement**
- **Margin improvement across the Group**
- **High tax quote expectation remains, H1 05 tax rate lower than in H1 04 due to nearly tax-free HTAC book gain**
- **Capex level reflects continued opportunities in non-construction activities**
