

**21 MARCH 2018**

## **CIMIC GROUP A TOP 10 COMPANY TO WORK FOR IN 2018**

CIMIC Group has again been named by LinkedIn as one of the best companies in Australia for attracting and keeping top talent.

CIMIC Group – which includes CPB Contractors, Leighton Asia, Thiess, Sedgman, UGL, Pacific Partnerships and EIC Activities – was ranked number six on LinkedIn’s 2018 Top Companies List. The ranking is up from number seven in 2017.

CIMIC Group Chief Executive Officer Michael Wright said: “Working at a CIMIC Group company is incredibly rewarding. Whether you’re on a project, or working in an office team that supports project delivery, it’s a challenging and exciting environment, as everyone pursues the same goals: delivering for our clients, and shaping our business for the future.

“The CIMIC Group has a lot to offer our people and it’s great to be recognised in this way. We are always seeking to build on the benefits we offer, and make sure our culture is inclusive and allows our people to grow to their full potential.”

LinkedIn’s Top Companies list is based on actions taken by LinkedIn’s more than 500 million members and looks at three main pillars: interest in a company’s jobs, interest in a company’s brand and employees, and employee retention.

As a world-leading infrastructure, mining, services and public private partnerships group, and with more than 50,000 people in 20 countries, we are committed to achieving great client outcomes in accordance with our principles of Integrity, Accountability, Innovation and Delivery, underpinned by Safety.

With the award of recent high-profile contracts, a focus on promoting from within, and the provision of highly recognised training programs, we encourage people to actively respond to the opportunities to join our team as they arise.
